Rise, Tarnished. Become an Elden Lord in the Lands Between. The game is a fantasy action RPG where you advance your character through time and forge alliances with others in the Lands Between. You are the ruler of the newly established Darkshire Empire, a land as vast as the Lands Between. Your siblings, the seven lords of the Empire, have remained in the past, waiting for you to rise. In addition to forging alliances with those in the Lands Between, there is also action-packed combat. Fight your way through dungeons, seal off enemies at their source, and command your army to crush those that have come to threaten your empire! Lands Between Deep within the Lands Between, once known as the Fields of Oblivion, live the remnant of civilizations that existed before the eruption of The Great Cataclysm. These are the Lands Between, a vast world where strange events occur and a land ruled by law and order unravels. I hope that we met with your expectations, and that our festival was as fun as it was inspiring! And for those who wish to know a little more about our project, let's go over the headlines! 1. The World. We want to bring the setting of the fantasy to life. The world is almost infinite and awaits you to get to know it. 2. The Title: The New Fantasy Action RPG. The title is intentionally vague, because Elden Ring is a game which brings together a wide variety of experiences, which would have been very different titles if we called it "an RPG". 3. An MMO that is born from a Myth. We have worked diligently to make an online game that has a unique feel, however we do want the online experience to be like an MMORPG. We take great care in making it. 4. A Multilayered Story. The development period is already complicated enough, but we plan to increase the number of characters and to have many small stories with many characters occur simultaneously. All this said, it is not a very linear story and not linear gameplay, yet. You will see the different elements of story are gradually taking shape in the online environment. 5. Unique Online Play that Loosely Connects You to Others.
